

I am writing this to inform you of how vital I feel a station like K-Love radio is in the OKC area. KLOVE is one of the few Christian radio stations in this area. With all the trash that is currently on the air waves Klove is one of the only stations that I feel is safe for my entire family and kids to listen to. K-Love keeps us informed of events that interest me w/o having to listen to all the trash commercials. If K-Love was to be replaced by a LPFM station I would not only fear what the broadcast content would be but the quality of the signal. KLOVE is always quality and I never have to worry about what is being broadcast. Please keep Klove on the air and NOT replace them with a LPFM station
